

Rep to Region Report 2024.

It's been another amazing year for EKDA, one I am proud to say I was part of the committee leading it, even if I am one of the less known members on the front line! The club has gone from strength to strength, with more new members joining the fun and 2024 crammed full with more rallies and lots of entertainment!

As rep to region for another year, I have continued to feel welcome at the SER meets throughout the year where work has allowed me. I thank them all for their continued support over the last year (It's not easy learning that role!) South East Region have some exciting plans this year with their Anniversary rally looking to be bigger and better than last year's and the amazing National Youth Rally being held in the South East this summer so pop over to their website!

For me, I am stepping down at this AGM, I have enjoyed the last two years being part of the committee, I will miss being part of the group chat, that ever honest member that I'm sure they often roll their eyes at. You won't be getting rid of me completely tho, I love camping with EKDA and I will continue to do so at a less responsible level.

I wish the committee every success in the coming twelve months. To the members, be kind to the committee, there's a lot of work going on behind the scenes for ever meet that no one gets paid to do x
